

From Sludge to Fudge

Solving the gap to enable
low carbon economy

The Need

Unlocking the raw material gap to enable biological SAF

The Naki Way

Waste

Chemical reaction at room temperature

Carbon negative process

Food grade and recyclable chemical

Fuel Raw materials

The Naki Way

Waste

Mida® OIL for SAF
15%

Bio Gas /
BSF (Black soldier fly)
feedstock
65%

Reuseable Water
20%

Find the differences

ONE TON OF SLUDGE CAN BECOME:

Old paradigm

Disposal

-\$40
(liability)

Old Vs New

The Naki Way

\$150
Mida®

\$30
BioGas feedstock

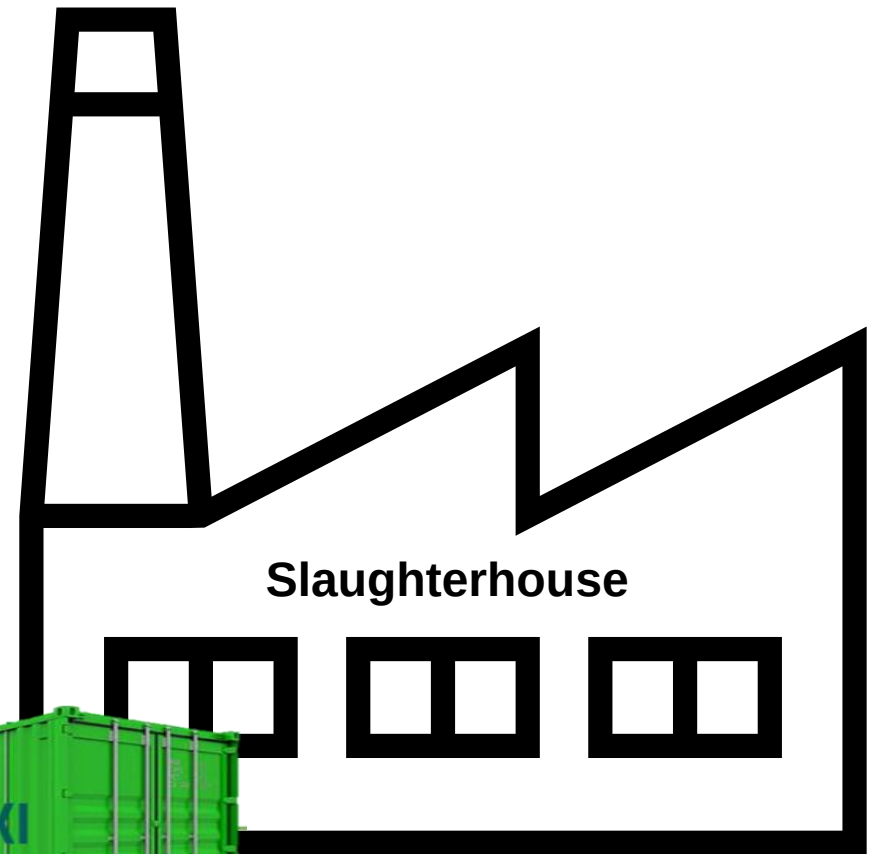

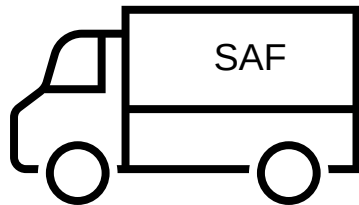

\$15
Disposal saving

Unit economic

**Combined an
opportunity of
2m\$/P.A./Plant +
reduced
remediation fees**

Traction

Beachhead

Collection points

Slaughterhouses

Food industries

Pilot

Go global
and growth

The Best Value for the waste

- Environmentally
- Economically
- Energetic wise

	low Energy process	on site solution	reduce pollutent	modular	sludge	FOG (Fats, Oil and grease)

The Team

Barak Manbar

Founder & CEO

8-years experience as CEO in EU market for A company with yearly turnover of \$5M. Entrepreneur in reusing and rethinking materials and circular economy. Entrepreneur of biodiesel base on FOG project in Poland

Michael Kuflik

Founder & CTO

Environmental engineer
Founder of environmental consulting firm, specializing in the implementation of technologies for treatment of waste, sewage, and air pollutants. R&D engineer at BioFishncy. Serve in Navy combat unit Shaytet 13

Prof. Yoram Gerchman

CSO

Associate professor
researcher and lecturer
University of Haifa and Oranim.
biochemist with researches on biofuels, Microbiology, Ecology and Biochemistry

Arnon Eshed

Chairman

Vast management experience in industry, chairman and director CABKA gmbh, S.B.A. Group, I.M.A. LTD, and beeri industry

Mor Hchimeir

Advisory Board

Environmental engineer
Environmental strategies and mega project management.

Tomek Krasinski

EU Advisory Board

former CEO Saria Polska
former CEO Sarvel
Co founder Pimenta sp zoo

Business model

Rev share with
food industry

New income streams

\$150

Mida

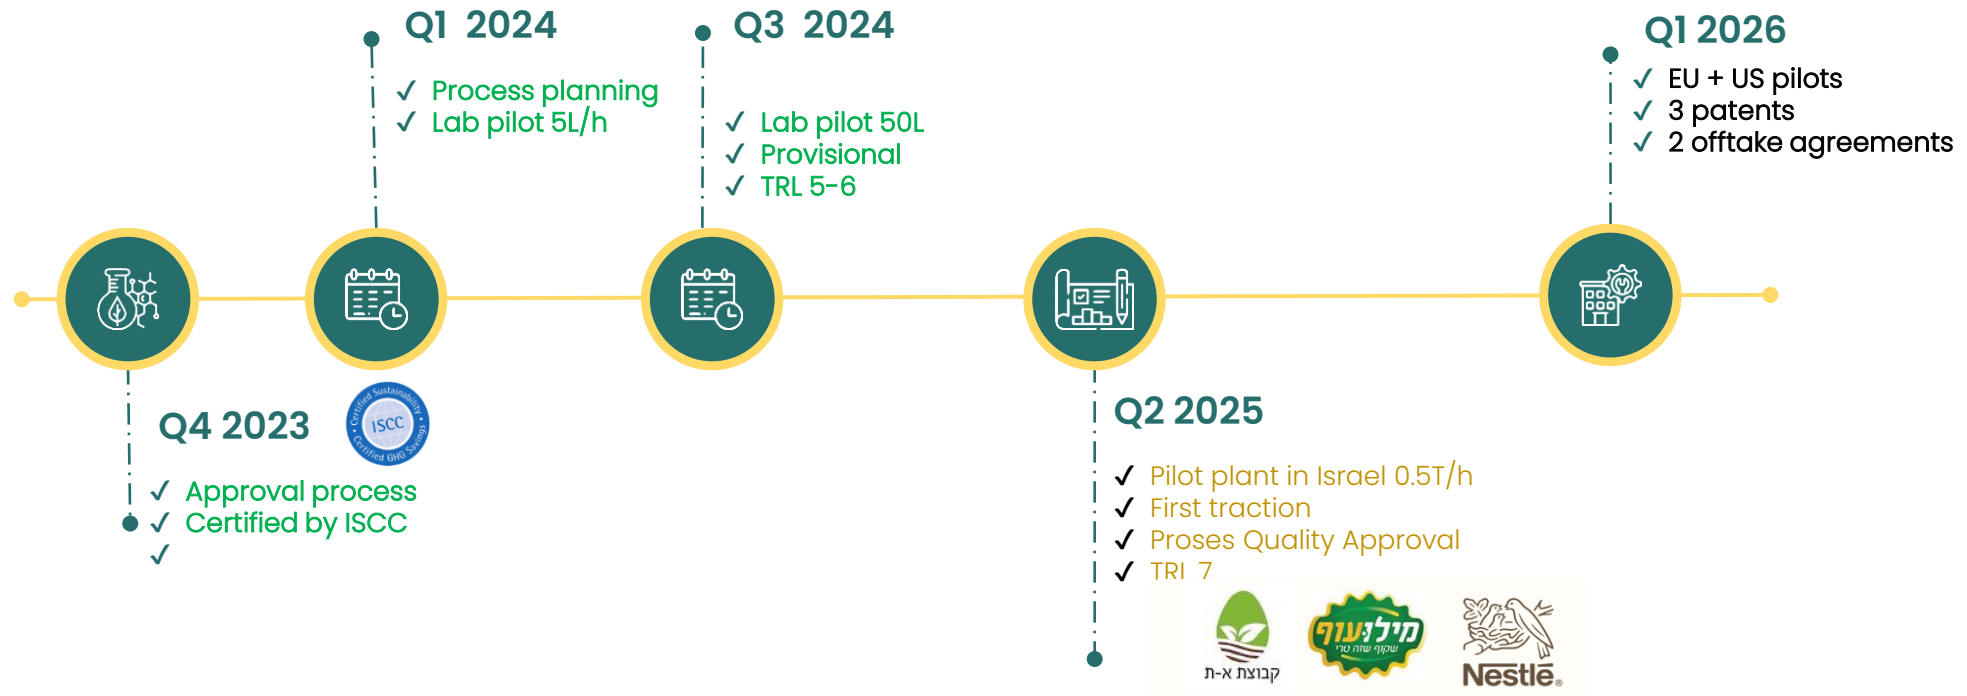

\$15

Disposal saving

\$30

BioGas feedstock

Road Map

Thank you for belive in NAKI
