

# C&I Batteries. End to End. All at Once.

Productized controller on the copper. Cloud-native optimizer online.  
Wise Energy Management — Energy Week 2026.

## The C&I Storage Gap

### Utility

waits for the grid

### Residential

hits a ceiling

### C&I

C&I has neither limit —  
and the gap is widening fast

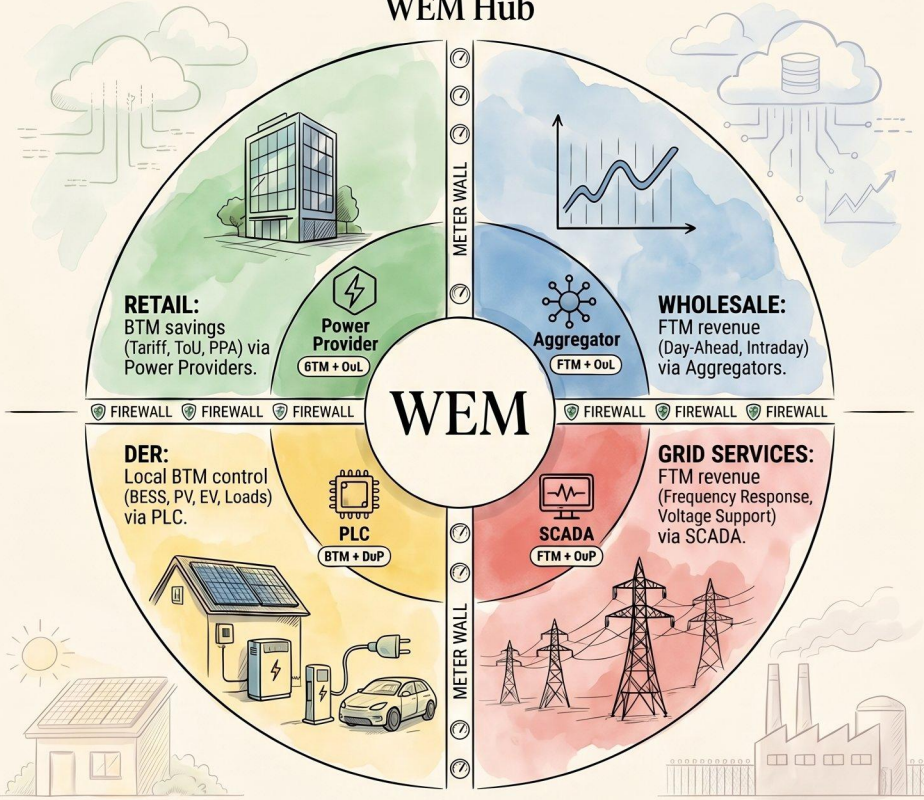

## TAM Forecast

70 GWh of EU C&I storage by 2030 → €3.5 Bn / yr recoverable

Source: SolarPower Europe

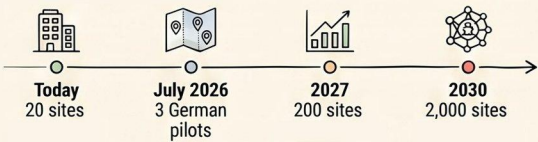

## WEM Hub

### ID

|             |         |
|-------------|---------|
| Founded     | 2024    |
| HQ          | Israel  |
| Territories | IL + DE |
| Stage       | Seed    |
| Phase       | Scaling |

### Traction & Roadmap

The C&I BESS revolution is starting. WEM is harmonizing it.
